

	Contact Information		
	Name: Awny Hassan Ibrahim Yaseen		
	Address: Dakahlia - Mansoura - Toreel Abd El-Moneim Riad Street		
	Phone contacts: 01009883838		
	Email address: ayaseen@horus.edu.eg		
Education/ Academic qualifications (start with your most recent education first)			
Year	School / University	Specialization	Degree
1991	Mansoura University	Histology and Cell biology	Doctorate
1986	Mansoura University	Histology and Cell biology	Master
1983	Mansoura University	Embryology	Diploma of Higher Studies
1979	Mansoura University	Medicine and Surgery	Bachelor
Academic Employment History (start with your most recent education first)			
From:	To:	University / Organization	Title of Position
12/2/2014		Mansoura University	Professor Emeritus
21/5/2003		Mansoura University	Full Professor
23/2/1998		Mansoura University	Associate Professor
29/7/1991		Mansoura University	Professor
20/11/1986		Mansoura University	Assistant Professor
15/6/1981		Mansoura University	Teaching Assistant
Administrative Positions:			
From:	To:	University / Organization	Title of Position
2016	2017	Faculty of Physical Therapy, Horus University	Vice- Dean
2011	2015	Mansoura Medicine	Head of Tissues and Cell Biology Department

I do hereby declare that the information furnished above is true to the best of my knowledge .

Histological and immunohistochemical effects of curcuma longa on activation of rat hepatic stellate cells after cadmium induced hepatotoxicity. Biotech Histochem ..91 (3) : 170-81.(2016)

Effect of acute acetaminophen toxicity on the renal cortex of albino rat : histological and Ultrastructural study. Arab journal of laboratory medicine .42 (1): (377-348).(1917).

Histopathological and Ultrastructural alterations induced by chronic usage of acetaminophen in the rat renal cortex Egypt M.J of Histology 42:162-177 (2019)

1- Histology book for first-year (medicine)

2- Histology book for second-year (medicine)

3- Handbook for first-year (pharmacy) regular program

4- Handbook for first-year (pharmacy) clinical program

5- Handbook for students of Diploma in Biochemical Analysis

6- Reference research titled (Membrane Receptors and Signaling Transduction)

7- Reference research titled (Laser Scanning Microscopy)

8- Handout for Ph.D. students in the course of Electron Microscopy.`

Supervision ,discussion &examination

- Master's theses in the department
- PhD theses in the department
- PhD thesis in general surgery (Mansoura Medicine)
- Master's thesis in oral biology (Mansoura Dentistry)
- Participation in supervision (Acknowledgment) of Master's theses in the Pharmacology department (Mansoura Pharmacy)
- Participation in supervision (Acknowledgment) of PhD thesis in nutrition (Mansoura Agriculture)

Master Thesis

- **Age related changes in the wall of rabbit heart (Histological and immunohistochemical study (Hassan,S.1996)**
- **Histological and Histochemical study on the effect of Acetysalcylic acid on induced root resorption in adult rat (El Awady ,M.1998).**
- **Light &electron microscopic study of Guinea pig lacrimal gland during postnatal development (Ayop,N.2003)**
- **Histological and immunohistochemical study on albino rat thymus glsnd at different ages (El.mansy ,A. 2006).**
- **Histological and immunohistochemical study on albino rat adrenal medulla in normal and stress conditions (Abdel hameed ,A. 2007) .**
- **Light&Electron microscopic study on the albinoratseminal vesicle during postnatal development. (Sarhan ,N. 2007).**
- **Hair follicle stem cells: afuturehole for treatment of hair loss. (Shaban ,E(2013) .**
- **Histological &Ultrastructural study of the effect of montelukast on Amikin induced nephrotoxicity in adult albino rat (Adel ,E 2016) .**

I do hereby declare that the information furnished above is true to the best of my knowledge .

- Protective effect of selenium on sodium fluoride induced changes in cerebellum of growing albino rats . (Hussien ,SH . 2016) .
- Effect of Rho kinase inhibitor on experimentally induced vascular dysfunction.(Ph. Taher ,N. 2017 ,Acknowledgment)
- Modulation of inflammatory mediators involved in experimentally induced heart failure by using omega-3 f.a.(Ph. Naseef ,A.J. 2017 ,Acknowledgment) .
- Effect of Vinca alkaloid on carbon tetrachloride induced liver fibrosis in rats. (Ph.Hisham ,R.K.2017 ,Acknowledgment) .

PHD Thesis

- Gut ischaemia ,oxidative stress ,bacterial translocation & haemodynamic changes in peritoneum during laparoscopic surgery.(Omar ,W.1999)
- Effects of administration of cisplatin on the renal cortex of albino rat. (Hafez SH. 2002) .
- Histological ,immunohistochemical & electron microscopic study of rat cardiac muscle after intake of cyclophosphamide (Refat. D ,2004) .
- Effect of chronic lead toxicity on accessory reproductive organs of adult male albino rats (Askar ,S . 2005)
- Ultrastructural & immunohistochemical studies of Ito cells of rat in carbon tetrachloride- induced liver fibrosis & the effect of vit A administration (Mahfouz ,Gh. 2006) .
- The effect of mercury & zinc on cadmium induced toxicity in albino rat liver (El – masy ,A , 2014) .
- Studies of the relationship between dietary fiber intake & reduced risk of some metabolic diseases. (Mohammad ,El.z (Agric ,food industries ,Acknowledgment 2014)
- Effect of melatonin on induced ischaemic reperfusion injury in albino rat cerebral & cerebellar cortices (Abdel Rahman ,D 2015) .
- The possible protective role of N-acetyl-cysteine in acetaminophen induced nephrotoxicity in albino rat (Abdel fattah ,A . 2017) .

Other Relevant Experience

Student Affairs, Student Activities, and Entrepreneurship

- Head of Control for Bachelor's degree in Medicine and Surgery (6th year) (2003)
- Head of Control for Bachelor's cumulative GPA (2003)
- General Coordinator for Student Activities at the Mansoura Faculty of Medicine, (2003)
- Head of the Mansoura Faculty of Medicine delegation participating in the teaching program for student unions at Egyptian medical colleges (25/1/2008)
- Trainer and lecturer in the training program for student unions at Egyptian medical colleges (2008)

Research Activities

- Founder of the Electron Microscopy Research Unit at Mansoura University
- Member of the Unit's Board of Directors
- Biology Consultant for the Unit
- Trainer and Lecturer in the annual training courses offered by the Unit
- Training of the Assistant Faculty in the Department of Medical Tissues and Cell Biology within the department's research labs.
- Founder of scientific imaging unit in the department

Conferences

- 1- Annual Conference of the Egyptian Society of Medical Histology and Cell Biology
- 2- Annual Conference of the Egyptian Society of Anatomy
- 3- Annual Conference of the General Surgery Department (Mansoura Medicine)
- 4- Annual Conference of the Clinical Pathology Department (Mansoura Medicine)
- 5- Annual Conference of Mansoura Medicine College.

I do hereby declare that the information furnished above is true to the best of my knowledge .
